

## HOTEL ROBBERED; TWO ARRESTED

Bellboy and Porter at Zeiger Under Arrest; Hotel Sheldon Robbed.

While night clerk R. E. White, of the Hotel Zeiger, was nodding on the "travagant" with at the hotel at 2:45 Thursday morning, he says bellboy Fred Cushing and porter William Heinson, a negro, held him up, bound him with a pair of suspenders and then robbed the safe and cash register.

According to White's statement made to the police, Heinson had a pistol which he pointed at the clerk while Cushing tied White's hands with the suspenders. White was then ordered to go to the basement of the hotel and to the cash register. White escaped and telephoned the police station.

An investigation showed that \$402.50 was missing from the safe and cash register, according to Louis Zeiger, manager of the hotel. The money was believed to have been carried away in leather bags which were kept in the

office of the hotel for carrying money to the bank.

Found at Fabens. The police started an investigation and located Cushing and Heinson at Fabens, Texas, 22 miles down the valley, Thursday morning at 7:30. The arrests were made by two members of the Eighth cavalry and a detachment of Texas rangers who were searching the lower country for the men. White, the night clerk, identified the two men as the ones who had held him up. The men got to Fabens in an automobile which Robert Fulton, the driver, claims was rented for the trip to Fabens by the two men. In the automobile \$200 was found Thursday morning. Fulton is being held in jail in connection with the case. He is a negro, Cushing told the police that he had thrown the remainder of the money out of the car as the trip down the valley was made.

The two men are being held on a charge of theft over \$50 and a complete investigation of the robbery is made. Capt. W. D. Groet and Joe Stowe, captain of detectives, handled the case.

Sheldon Robbed. Complaints made to the manager of Hotel Sheldon led to the discovery that a number of rooms at the hotel had been robbed of various personal articles belonging to the guests. J. L. Crouch, alias R. Galpin, is under arrest at the police station, and is being held pending an investigation of the Sheldon robbery.

Crouch registered at the Sheldon, according to Frank Langen, the assistant manager. He was given a room on the third floor. Wednesday afternoon he asked that his room be changed. A bellboy was sent to transfer the baggage and reported that his suitcase was so heavy he could not carry it. Complaints had been made during the day that articles had been missing from different rooms in the hotel. G. M. Thaxton, of Abilene, Texas, stated Thursday morning that he had identified a toilet case, an automatic pistol and a bunch of keys found in Crouch's baggage, as belonging to him. Thaxton also stated that F. R. Jones, who was rooming with him in the hotel, had also lost a suitcase, a razor and a pistol.

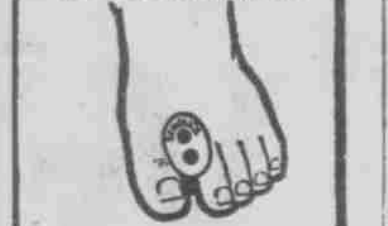

Crouch is being held for investigation by the police. Crouch claims to be from Los Angeles.

## 9906 MEXICAN CHILDREN HERE

There are 14,791 school children in El Paso, according to the recent school census which has just been completed under the direction of F. E. Sawyer. The census total shows an increase of 1987 over the census total for last year, the total for 1915 being 12,704. An analysis of the school census shows that there are 9906 children in El Paso of Mexican descent, 4222 of whom are American-born, 2684 are foreign-born, including Chinese, Japanese, Russian, Hungarian, Polish, Hawaiian and Filipino children.

## DAMAGE SUITS COST \$44 A DAY

El Paso County is "Goat" For Damage Suit Lawyers in Other States.

In El Paso county being made the "goat" in the trial of personal injury damage suits against the railroads of the southwest.

It is estimated that it costs the county an average of \$121 to try a personal injury suit. An average of three days is required to try a case and this means \$35 for the trial judge, \$30 for jurors and about \$6 for the sheriff, all of which is paid by the county. The cost per day, according to this estimate, is nearly \$44.

60 Foreign Cases. A large percentage of the suits growing out of injuries sustained in California, Nevada, Arizona and New Mexico, are filed in the El Paso county courts. It is claimed that since June, 1914, over 40 damage suits have been filed in the local courts where the injuries were sustained in those states, and that of that number, fully two-thirds were for injuries sustained in California.

The question has been raised as to why the cases are not filed in their original state and state in which they originated. The answer is that Texas jurors are more favorable to the railroads and more inclined to award large damages, according to local lawyers. Some of the cases are brought to El Paso where they appear frequently in damage suits as witnesses for the railroads. The cases are brought to El Paso doctors as a class, but only against a few who, it is alleged, make a practice of testifying and receiving fees for their services.

One Suit in Year. Up to last December the Southern Pacific filed against it in Los Angeles for personal damages, the vast majority of the suits filed being brought to El Paso.

The cost to the county, of course, is not the only cost. It costs one railroad entering El Paso \$1000 to try a case where the accident happened in California. Five days were required to try the case and at \$44 per day the cost to the county was \$220. The plaintiff admitted that he had never before been in Texas and paid no taxes in the state.

Some Cases Feigned. It is common knowledge that, in some cases, the injuries alleged to have been sustained, are feigned. In some cases where damages have been awarded the court of civil appeals has reversed the lower court by reason of late evidence showing remarkable recoveries after the trial in the district court.

60 Per Cent Outside of State. Damage suits are filed in all of the district courts—the 41st, 44th and 45th. Since the organization of the 45th district court about a year ago a majority of the cases have been filed in that court, and the cases tried during that period fully 60 per cent have been for accidents that happened outside of Texas.

## DYNAMITE BOMB IS FOUND IN FOUNDRY ENGINE ROOM

A tin can filled with sticks of dynamite and with a long fuse attached to it was found in the engine room of the Darbyshire-Harvey foundry at Fifth and Florence streets Thursday morning. The bomb was taken to the police station and an attempt is being made to find who placed the bomb in the engine room.

## TRAITOR TO THE PEOPLE

Representatives of Coal Operators and Miners Meet to Avert Strike.

New York, April 27.—Representatives of the United Mine Workers of America and an equal number of mine owners are here for a joint conference and a vote on the demand of the miners for an eight hour day, a 30 per cent increase in wages and recognition of the union. Should they fail to break the deadlock over these demands, it is understood that the leaders of the miners will prepare a set of resolutions to be taken to the miners' convention, May 1, when a vote may be taken to declare a strike in the anthracite mining district.

Some hope of an agreement eventually was seen today in an announcement by John P. White, president of the United Mine Workers, that they would waive their demand for the adoption of the union "check off" system. This request was denounced by the operators as "un-American." Mr. White replied that it was un-American to use the "check off" to collect the miners' dues, it was equally so for the operators to use it for the collection of the rents of miners' homes and for the payment of powder and mining tools, used by the miners.

Coal operators and miners' representatives seemed today to be unyielding on the closed shop issue.

## U. S. DEMANDS THAT SEIZED GERMANS BE FREED

Washington, D. C., April 27.—Secretary of State Lansing announced today that the United States had sent another note to Great Britain demanding the release of the 23 Austrians, Germans and Turks taken from the American steamship China by a British cruiser off Shanghai. The note was dispatched Wednesday and will be given out for publication today.

Great Britain contends that the men were engaged in intrigues and plots against the British government.

## TO PUT LIVESTOCK ISSUE

Topeka, Kan., April 27.—A call for a national wide convention of stockmen in Chicago, June 6, to take up the fight on railroad rates before the Republican convention and endeavor to make their demands a part of the party platform is being sent out by J. P. Mercer, Kansas state sanitary livestock commissioner.

It is also planned to send representatives to the Democratic convention in St. Louis on a similar mission.

## LAST BUS

El Pasoans Urged to Make Trip to Butte Saturday; Tickets Limited.

Saturday will be the last public excursion to the Elephant Butte dam, traffic manager A. W. Reeves announced Thursday morning. The excursion service is planned to have the branch line tracks from Custer to the dam torn up and, when this is done, it will be impossible to make the trip by rail, but can only be made by stage or automobile, which will be an expensive trip for El Pasoans.

The excursion Saturday, which is being arranged for by the chamber of commerce, will be another popular one. The round trip fare will be 45, including a box lunch which will be provided on the train. The train will leave the union station at 7 o'clock Saturday morning and will return at 6:30 Saturday evening.

## Boat Rides

The big dam is now nearing completion and the lake behind the dam is spreading over a great area of country. Launches are now operating on the lake and it is possible to go boat riding on the desert, as the launches make regular trips from the dam to the farthest point of the great artificial lake. The officers of the reclamation service will act as guides for the El Paso excursion, and the launches will show them over the works, take them into the "cave of the winds"—tunnels under the dam—and across the top of the great dam.

The excursion will be restricted to 120 tickets and, as the tickets are selling rapidly, El Pasoans are urged to purchase their tickets from secretary Reeves, at the chamber of commerce, early.

## FLAG POLE FOR HIGH SCHOOL; MORE FURNITURE PURCHASED

Additional purchases of furniture for the schools were made Thursday morning at a meeting of the school board. The new purchases included the following: 355 pupils' desks for the Alta Vista school, \$2042.75; 34 tablet arm chairs, \$231.

It was also voted that a flag pole be installed in the equipment of the new high school if provision has not already been made for it in the plans of the new building.

## CHAMBER OF COMMERCE NOT IN JUNK BUYING BUSINESS

The chamber of commerce is in receipt of many written and telephonic inquiries daily regarding disposition of waste paper.

Recently the department of commerce at Washington published a warning broadcast throughout the United States regarding the importance of saving paper and rags.

The impression has been gained that the chamber of commerce is in the junk business, but this is denied by secretary M. A. Fraser. The Salvation Army is making a canvass for old paper and junk which is being sold for the benefit of the army.

The czar of Russia has an income of \$50,000 a day.

## CALOMEL MAKES YOU SICK, UGH!

"Dodson's Liver Tone" Better than calomel and can not salivate. Calomel loses you a day! You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without salivating you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone salivates you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe—Adv.

## How You May Throw Away Your Glasses

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate ones, these glasses may be ruining your eyes instead of helping them. Thousands who wear "window" glasses grow old before they are old. They have had their eyes ruined by the fact that they have not had the proper prescription filled at once. Go to Kelly Pollock's optician and get a bottle of Opton; fill a two-ounce bottle with warm water and drop in one Opton tablet. Stir it up. The less liquid solution bathes the eyes two to four times daily, and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, catarrh, sore eyelids, weak eyes, goitre, and other eye disorders, report wonderful benefits from the use of this prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind, or nearly so, or who wear "window" glasses have required them if they had cared for their eyes in time. Save your eyes! Don't let them grow old before you are old. These glasses may become one of those victims of neglect. Eyeglasses are only like crutches and every few years they must be changed. Get the ever-increasing weakened condition, get better see if you can, like many others, get clear, healthy, strong magnifying vision through the prescription here given—Adv.

## SWEETENED SOUR ACID STOMACH WITH MAGNESIA

Spoonful of Bismuth Magnesia in Cup of Hot Water Promptly Stops Pain of Acid Indigestion. Relief Comes in 5 Minutes.

If things you eat don't agree with you and lie sour, gassy, biting, and heavy in your stomach, you probably have what physicians call "hyper-acidity." Your stomach is secreting too much acid causing discomfort which is commonly and mistakenly called indigestion. Avoid all artificial digestants for these are apt to further weaken the stomach and cause serious intestinal trouble. Instead get from your druggist a few ounces of the pure Bismuth Magnesia and take a teaspoonful in a quart glass of hot water after each meal. Bismuth Magnesia can never hurt your stomach and is the best possible form of magnesia to take in the stomach for sweetening or neutralizing the stomach acid which causes distress. Advertisement.
